NAMES

Addison WA: Successful management of vaginal agenesis—a team effort. 61, Jun, oa

Aladjem S: Watching for uncommon complications of pregnancy. 35, Jan, oa

Andrews WC: Helping the 'normal' infertile couple. 102, May, s

Ansbacher R: Disorders associated with male infertility. 83, Jun, oa

Apuzzio J: Solving gyn graft problems with dermis—a ready resource. 81, Jan, oa

What to expect from the new generation of pregnancy tests. 233, May, oa

Auletta FJ: How does the demise of the corpus luteum affect reproduction? 153, May, oa

Averette HE: On packed red blood cells and plasma transfusions. Author's reply. 19, May, et

Staying attuned to patients' emotional needs. 202, Feb, s

Bagshawe KD: Achieving a high cure rate for GTN. 163, Apr, c

Baird D: Luteal influences on pregnancy, menstruation, early abortion, and infertility. 147, Feb, oa

Barron BA: Is the ectopic tubal or ovarian? 173, May, ppc

Ovarian abscesses in IUD wearers. 141, Jan, ppc

Baum JK: Mammograms—a new source of diabetes clues. 186, Jan, nl

Baxi LV: Paracervical block—anesthetic hazard to the fetus. 97, Apr, ppc

Recurrent eclampsia in a habitual aborter. 127, Jun, ppc

Beck WW Jr: Update: new ways to help your infertile patients. 189, Mar, s

When therapy fails—artificial insemination. 113, Jan, oa

Behrman SJ: Helping the 'normal' infertile couple. 102, May, s

Belinson J: What's ahead through the 1980s. 145, Jun, c

Bellina J: What's ahead through the 1980s. 153, Jun, c

Benirschke K: The placenta: How to examine it and what you can learn. 117, Mar, oa

Berkowitz RL: Suggesting a cautious approach to ritodrine: The panelists reply. 28, Apr, et

Brascho DJ: What's ahead through the 1980s. 146, Jun, c

Braunstein GD: Coping with hirsutism—management strategies. 189, May, oa

Brezovich I: What's ahead through the 1980s. 147, Jun, c

Brodsky JB: Job exposure to anesthetic gases: How hazardous to your reproductive health? 117, Feb, oa

Cardozo L: Treating incontinence surgically in elderly women. 12, Apr, nl

Cefalo RC: A psychiatry resident at ob-gyn rounds. 189, Feb, oa

Cheek JG: Putting your interpersonal skills into practice. 15, Feb, le

More women are specializing in ob-gyn. 158, Jun, c

Chemke J: Pitfalls and dilemmas of prenatal diagnosis. 85, Mar, oa

Chez RA: Staying attuned to patients' emotional needs. 202, Feb, s

Chi'en LT: Neonatal HSV infection traced to monitoring. 24, Mar, nl

Clark L: Dealing with the threat of neonatal HI meningitis. 59, Feb, oa

Cohen EN: Job exposure to anesthetic gases: How hazardous to your reproductive health? 117, Feb, oa

Creasman WT: Avoiding, detecting, and repairing fistulas. 198, Jun, s

Creasy RK: Suggesting a cautious approach to ritodrine: The panelists reply. 30, Apr, et

What's ahead through the 1980s. 153, Jun, c

Crum CP: Pathology quiz 5: An ovarian tumor—but what type? 183, Jan, pq

Pathology quiz 6: What neoplasm is illustrated? 217, Feb, pq

Pathology quiz 7: What are these genital papules? 205, Mar, pq

Pathology quiz 8: Ovarian disease that's really hematologic. 175, Apr, pq

Pathology quiz 9: An unpredictable mucinous lesion. 247, May, pq

Davis JP: Toxic shock syndrome—an update. 23, Feb, nl

Dilts PV Jr: How substances cross the placenta—clinical implications. 89, Apr, oa

DiSaia PJ: What's ahead through the 1980s. 146, Jun, c

Edwards D: Distinguishing RDS from early-onset sepsis and/or pneumonia. 21, Jun, nl

Eil C: Androgen resistance and sexual ambiguity. 141, May, oa

Eilers K: Dealing with the threat of neonatal HI meningitis. 59, Feb, oa

Feinleib M: Heart disease risk higher for women clerical workers. 209, Mar, nl

Finn WF: Your role when the patient is dying. 196, Feb, oa

Fiumara NJ: When a pregnant woman has syphilis. 75, May, oa

Franklin EW III: Avoiding, detecting, and repairing fistulas. 198, Jun, s

Frantz ID III: Report on the status of glucocorticoids to hasten fetal lung maturation. 79, Apr, oa

Freedman RS: What's ahead through the 1980s. 146, Jun, c

Freeman RK: What advice should you give the pregnant commuter? Author's reply. 19, Feb, et

Gambrell RD Jr: Preventing endometrial Ca with progestin. 133, Apr, oa

Gantt P: What accelerates sexual development? 51, Apr, oa

Garcia CR: Update: new ways to help your infertile patients. 189, Mar, s

Gimovsky ML: Recurrent eclampsia in a habitual aborter. 127, Jun, ppc

Girtanner RE: On packed red blood cells and plasma transfusions: Authors' reply. 19, May, et

Goffinet D: Radiotherapy as the sole treatment for early breast cancer. 21, Jun, nl

Golbus MS: What's ahead through the 1980s. 155, Jun, c

Goodlin RC: Suggesting a cautious approach to ritodrine. 25, Apr, et

Goyer PF: A psychiatry resident at ob-gyn rounds. 189, Feb, oa

Graham JH: Amnion rupture poses double danger. 186, Jan, nl

Hakanson EY: Quest for a perfect baby increases potential for liability. 221, Feb, mu

Hammond CB: Achieving a high cure rate for GTN. 163, Apr, oa

How to diagnose, follow, and treat molar pregnancy. 146, Apr, s

Luteal dysfunction in infertility. 93, Jan, oa

Successful management of vaginal agenesis—a team effort. 61, Jun, oa

Harper RG: Hypertensive mothers have fewer infants with IRDS. 12, Apr, nl

Harrigan JT: What to expect from the new generation of pregnancy tests. 233, May, oa

Haynes SG: Heart disease risk higher for women clerical workers. 209, Mar, nl

Hembree W: Pinpointing male reproductive dysfunction. 65, Mar, ppc

Recurrent eclampsia in a habitual aborter. 127, Jun, ppc

Henderson KC: Dealing with the threat of neonatal HI meningitis. 59, Feb, oa

Herbst AL: Update on DES daughters. 55, May, oa

Hilgartner MW: Disorders of hemostasis in pregnant patients. 55, Jan, oa

Hobbins JC: What's ahead through the 1980s. 158, Jun, c

Hohler CW: What's ahead through the 1980s. 155, Jun, c

Hoskins WJ: Reoperating to assess ovarian cancer treatment. 159, Mar, oa

Huppert LC: Helping the 'normal' infertile couple. 102, May, s

Jacobs J: Distinguishing RDS from early-onset sepsis and/or pneumonia. 21, Jun, nl

Jagiello G: Pinpointing male reproductive dysfunction. 65, Mar, ppc

Recurrent eclampsia in a habitual aborter. 127, Jun, ppc

James LS: Paracervical block—anesthetic hazard to the fetus. 97, Apr, ppc

Jewelewicz R: Is the ectopic tubal or ovarian? 173, May, ppc

Ovarian abscesses in IUD wearers. 141, Jan, ppc

INDEX

King JF: Problems of interpreting perinatal data. 19, Feb, et

Lanier W: Dealing with the threat of neonatal HI meningitis. 59, Feb, oa

Lawson A: What's ahead through the 1980s. 146, Jun, c

Ledger WJ: Ovarian abscesses in IUD wearers. 141, Jan, ppc

Levine RV: What's ahead through the 1980s. 153, Jun, c

Lewis JL Jr: Avoiding, detecting, and repairing fistulas. 198, Jun, s

How to diagnose, follow, and treat molar pregnancy. 146, Apr, s

What's ahead through the 1980s. 145, Jun, c

Loffer FD: Anticipating complications of laparoscopic sterilization. 41, Mar, oa

Loriaux DL: Androgen resistance and sexual ambiguity. 141, May, oa

Lurie RG: Can a laboratory, architect, or glass maker be a health care provider? 226, Feb, mu

Patients who sign arbitration agreements may renege. 222, Feb, mu

Quest for a perfect baby increases potential for liability. 221, Feb, mu

Screening panels struck down because of "oppressive delays." 225, Feb, mu

MacGillivray I: What makes for better babies? 129, Mar, oa

Machol L: Coming doctor surplus: fact or myth? 195, May oa

More woman are specializing in ob-gyn. 158, Jun, oa

Payment by diagnosis: What will it mean to you? 129, Feb, oa

Trimming hospital costs—when is a cut a saving? 227, May, oa

What's ahead through the 1980s. 145, Jun, [illegible]

Magyar DM: When your pregnant patient has a pituitary adenoma. 121, Apr, oa

Mahan CS: Ways to strengthen the mother-infant bond. 177, Feb, oa

Mahmood H: What advice should you give the pregnant commuter? 19, Feb, et

March CM: How weight loss influences reproductive capability. 97, Jun, oa

Marshall JR: When your pregnant patient has a pituitary adenoma. 121, Apr, oa

Martin AR: Teaching cost-effectiveness in lab test ordering. 24, Jun, nl

Martinez A: Radiotherapy as sole treatment for early breast cancer. 21, Jun, nl

Masterson BJ: Avoiding, detecting, and repairing fistulas. 198, Jun, s

Mastroianni L Jr: Update: new ways to help your infertile patients. 189, Mar, s

McDonough PG: What accelerates sexual development? 51, Apr, oa

When sexual development is delayed. 95, Feb, oa

McFee JG: Ritodrine: What about the cost? 25, Apr, et

Mead PB: Conditions that predispose to intrapartum infection. 25, Jan, oa

Meldrum DR: Weighing benefits and risks of hormone therapy in the menopause. 157, Jan, oa

Merkatz IR: Suggesting a cautious approach to ritodrine: The panelists reply. 32, Apr, et

What's ahead through the 1980s. 154, Jun, c

Mestman JH: How to manage parathyroid disease in the pregnant patient and neonate. 143, Mar, oa

Miller CH: Disorders of hemostasis in pregnant patients. 55, Jan, oa

Mishell DR: What's ahead through the 1980s. 147, Jun, c

Montoro M: How to manage parathyroid disease in the pregnant patient and neonate. 143, Mar, oa

Morishima HO: Paracervical block—anesthetic hazard to the fetus. 97, Apr, ppc

Morrow CP: How to diagnose, follow, and treat molar pregnancy. 146, Apr, s

Murphy M: On packed red blood cells and plasma transfusions. 19, May, et

Nash H: What's ahead through the 1980s. 147, Jun, c

Neuwirth RS: Hysteroscopy helps locate and remove IUDs and other foreign bodies. 33, Jun, oa

Status report on hysteroscopy. 29, Mar, oa

Oh W: What's ahead through the 1980s. 154, Jun, c

Ostergard DR: Treating lower urinary tract symptoms: Which drugs to use. 41, Feb, oa

Parer JT: FHR monitoring: Answering the critics. 163, Jun, oa

Park RO: Reoperating to assess ovarian cancer treatment. 159, Mar, oa

Parvey LT: Neonatal HSV infection traced to monitoring. 24, Mar, nl

Paul R: What's ahead through the 1980s. 155, Jun, c

Pedersen H: Paracervical block—anesthetic hazard to the fetus. 97, Apr, ppc

Pelosi MA: Solving gyn graft problems with dermis—a ready resource. 81, Jan, oa

What to expect from the new generation of pregnancy tests. 233, May, oa

Peter G: How to manage group B streptococcus in mothers and babies. 47, Feb, oa

Petrie RH: Paracervical block—anesthetic hazard to the fetus. 97, Apr, ppc

Platt LD: What's ahead through the 1980s. 155, Jun, c

Queenan JT: Can cuts be kind? 13, Mar, le

For fewer cesarean sections: The editor in chief replies. 19, Mar, et

GMENAC: The feds offer a solution, but is there a problem? 13, May, le

Staying attuned to patients' emotional needs. 202, Feb, s

Subspecialization: What it's done—and what it hasn't. 9, Jan, le

Take two aspirins and call me in the morning. 11, Apr, le

Where will our breakthroughs come from? 13, Jun, le

Quigley MM: Luteal dysfunction in infertility. 93, Jan, oa

Reindollar RH: When sexual development is delayed. 95, Feb, oa

Richart RM: Is the ectopic tubal or ovarian? 173, May, ppc

Ovarian abscesses in IUD wearers. 141, Jan, ppc

Paracervical block—anesthetic hazard to the fetus. 97, Apr, ppc

Pathology quiz 5: An ovarian tumor—but what type? 183, Jan, pq

Pathology quiz 6: What neoplasm is illustrated? 217, Feb, pq

Pathology quiz 7: What are these genital papules? 205, Mar, pq

Pathology quiz 8: Ovarian disease that's really hematologic. 175, Apr, pq

Pathology quiz 9: An unpredictable mucinous lesion. 247, May, pq

Pinpointing male reproductive dysfunction. 65, Mar, ppc

Recurrent eclampsia in a habitual aborter. 127, Jun, ppc

What's ahead through the 1980s. 174, Jun, c

Riddick DH: Guide to using the lab for common endocrine tests. 168, Jan, s

Rioux JE: Hysterosalpingography as an aid in diagnosing TB. 184, Mar, oa

Hysterosalpingography: pictorial essay. 41, May, oa

Rock JA: Diagnosing and repairing uterine anomalies. 43, Jun, oa

Ross J: Luteal influences on pregnancy, menstruation, early abortion, and infertility. 147, Feb, oa

What makes for better babies? 129, Mar, oa

Rubin SP: Pinpointing male reproductive dysfunction. 65, Mar, ppc

Salzmann B: For fewer cesarean sections. 19, Mar, et

Sarto G: More women are specializing in ob-gyn. 158, Jun, c

What's ahead through the 1980s. 155, Jun, c

Schaefer G: Watch for genital TB: a guide to diagnosis and treatment. 167, Mar, oa

Schrotenboer K: More women are specializing in ob-gyn. 158, Jun, c

Schulman [illegible] disorders associated with male i[illegible] 83, Jun, oa

Pitfalls and dilemmas of prenatal diagnosis. 85, Mar, oa

Scully RE: Update on DES daughters. 55, May, oa

Seppala M: Quick, sensitive RIA spots acute abdominal emergencies. 216, Mar, nl

Sever JL: Reducing the risk of congenital herpes. 191, Jun, oa

Sevin BU: On packed red blood cells and plasma transfusions: Author's reply. 19, May, et

Shands KM: Toxic shock syndrome—an update. 23, Feb, nl

Shangold MM: Do women's sports lead to menstrual problems? 52, Mar, oa

Shapiro SS: Some unresolved questions about artificial insemination. 129, Jan, oa

Shevchuk M: Recurrent eclampsia in a habitual aborter. 127, Jun, ppc

Shnider SM: How anesthetic drugs affect neonatal neurobehavior. 179, Jun, oa

Simpson JL: What causes chromosomal abnormalities and gene mutations? 99, Mar, oa

What's ahead through the 1980s. 154, Jun, c

Slaughter L: Effects of SLE on pregnancy. 161, Feb, oa

Speroff L: Brief for low-dose birth control pills. 27, May, oa

Guide to using the lab for common endocrine tests. 168, Jan, s

What's ahead through the 1980s. 153, Jun, c

Stanhope R: How to diagnose, follow, and treat molar pregnancy. 146, Apr, s

Stanton SL: Treating incontinence surgically in elderly women. 12, Apr, nl

Stenchever MA: Genetic clues to reproductive wastage. 37, Apr, oa

Stern R: Is the ectopic tubal or ovarian? 173, May, ppc

Stray-Pederson B: Identifying the risk factors in congenital toxoplasmosis. 28, Feb, nl

Surwit EA: Achieving a high cure rate for GTN. 163, Apr, oa

Taylor SM: Staying attuned to patients' emotional needs. 202, Feb, s

Tho PT: When sexual development is delayed. 95, Feb, oa

Thompson JB: Laboratory tests for SLE. 166, Feb, oa

Todd WD: Is the ectopic tubal or ovarian? 173, May, ppc

Tulchinsky D: Role of maternal and fetal hormones in pregnancy. 113, Jun, oa

Vande Wiele R: Ovarian abscesses in IUD wearers. 141, Jan, ppc

Recurrent eclampsia in a habitual aborter. 127, Jun, ppc

Volpe JJ: How to manage intracranial hemorrhage in the neonate. 77, Feb, oa

Wachtel SS: H-Y antigen: clue to sex determination? 137, Feb, oa

Wallach EE: Helping the 'normal' infertile couple. 102, May, s

Staying attuned to patients' emotional needs. 202, Feb, s

Update: new ways to help your infertile patients. 189, Mar, s

When therapy fails—artificial insemination. 113, Jan, oa

Weiss G: Relaxin—can it be used to help control parturition? 73, Jan, oa

Wharton JT: What's ahead through the 1980s. 146, Jun, c

Worley RJ: Guide to using the lab for common endocrine tests. 168, Jan, s

Yoon JJ: Hypertensive mothers have fewer infants with IRDS. 12, Apr, nl

Yuzpe AA: Hysterosalpingography as an aid in diagnosing TB. 184, Mar, oa

Hysterosalpingography: pictorial essay. 41, May, oa

Zurawski GF: How anesthetic drugs affect neonatal neurobehavior. 179, Jun, oa

SUBJECTS

ABNORMALITIES (see also **CHROMOSOME ABNORMALITIES**)

Amnion rupture poses double danger. 186, Jan, nl

Diagnosing and repairing uterine anomalies. 33, Jun, oa

Job exposure to anesthetic gases: How hazardous to your reproductive health? 117, Feb, oa

Staying attuned to patients' emotional needs. 212, Feb, s

Watching for uncommon complications of pregnancy. 35, Jan, oa

ABORTION

Pinpointing male reproductive dysfunction. 65, Mar, ppc

ABORTION, HABITUAL

Genetic clues to reproductive wastage. 45, Apr, oa

Recurrent eclampsia in a habitual aborter. 127, Jun, ppc

ABORTION, SPONTANEOUS

Effects of SLE on pregnancy. 163, Feb, oa

Genetic clues to reproductive wastage. 37, Apr, oa

Job exposure to anesthetic gases: How hazardous to your reproductive health? 117, Feb, oa

ABSCESS

Ovarian abscesses in IUD wearers. 141, Jan, ppc

ACTINOMYCES
Ovarian abscesses in IUD wearers. 148, 151, Jan, ppc
ACTINOMYCOSIS
Dalkon Shield update. 28, Feb, nl
ADENOCARCINOMA
Update on DES daughters. 55, May, oa
ADENOMA
Guide to using the lab for common endocrine tests. 174, Jan, s
Update: new ways to help your infertile patients. 189, Mar, s
When your pregnant patient has a pituitary adenoma. 121, Apr, oa
ADRENAL CORTEX HORMONES
Effects of SLE on pregnancy. 163, Feb, oa
ADRENAL GLAND DISEASES
Watching for uncommon complications in pregnancy. 39, Jan, oa
ADRENAL HYPERPLASIA, CONGENITAL
What accelerates sexual development? 65, Apr, oa
ALBUMINS
On packed red blood cells and plasma transfusions. 19, May, et
On packed red blood cells and plasma transfusions. Authors' reply. 19, May, et
ALPHA-FETOPROTEINS
Pitfalls and dilemmas of prenatal diagnosis. 88, Mar, oa
AMENORRHEA
Brief for low-dose birth control pills. 31, May, oa
Do women's sports lead to menstrual problems? 52, Mar, oa
Guide to using the lab for common endocrine tests. 174, Jan, s
How weight loss influences reproductive capability. 97, Jun, oa
AMNIOCENTESIS
Disorders of hemostasis in pregnant patients. 61, Jan, oa
Pitfalls and dilemmas of prenatal diagnosis. 86, Mar, oa
AMNION
Amnion rupture poses double danger. 186, Jan, nl
AMNIOTIC FLUID
Amnion rupture poses double danger. 186, Jan, nl
Conditions that predispose to intrapartum infection. 28, Jan, oa
Pitfalls and dilemmas of prenatal diagnosis. 85, Mar, oa
Role of maternal and fetal hormones in pregnancy. 116, Jun, oa
ANDROGENS
Androgen resistance and sexual ambiguity. 141, May, oa
Coping with hirsutism—management strategies. 189, May, oa
Guide to using the lab for common endocrine tests. 172, Jan, s
Successful management of vaginal agenesis—a team effort. 65, Jun, oa
ANESTHESIA, GENERAL
How anesthetic drugs affect neonatal neurobehavior. 179, Jun, oa
ANESTHESIA, LOCAL
How anesthetic drugs affect neonatal neurbehavior. 179, Jun, oa
ANESTHETICS
Job exposure to anesthetic gases: How hazardous to your reproductive health? 117, Feb, oa
Paracervical block—anesthetic hazard to the fetus. 97, Apr, ppc
ANOREXIA NERVOSA
How weight loss influences reproductive capability. 99, Jun, oa
ANTIBIOTICS
How to manage group B streptococcus in mothers and babies. 50, Feb, oa
ANTINUCLEAR FACTORS
Laboratory tests for SLE. 167, Feb, oa
ATROPINE
Treating lower urinary tract symptoms: which drugs to use. 42, Feb, oa
BACTERIAL INFECTION
Conditions that predispose to intrapartum infection. 25, Jan, oa
Dealing with the threat of neonatal HI meningitis. 59, Feb, oa
How to manage group B streptococcus in mothers and babies. 47, Feb, oa
Ovarian abscesses in IUD wearers. 141, Jan, ppc
Watching for uncommon complications of pregnancy. 46, Jan, oa
BETAMETHASONE
Betamethasone to prevent patent ductus arteriosus. 254, May, nl
BETHANECHOL COMPOUNDS
Treating lower urinary tract symptoms: which drugs to use. 42, Feb, oa
BIOPSY
Guide to using the lab for common endocrine tests. 171, Jan, s
Luteal dysfunction in infertility. 95, Jan, oa
BIRTH CONTROL (see **CONTRACEPTION**)
BIRTH DEFECTS (see **ABNORMALITIES; CHROMOSOME ABNORMALITIES**)
BIRTHWEIGHT
What makes for better babies? 129, Mar, oa
BLOOD TRANSFUSION
On packed red blood cells and plasma transfusions. 19, May, et
On packed red blood cells and plasma transfusions. Authors' reply. 19, May, et
BODY TEMPERATURE
Helping the 'normal' infertile couple. 102, May, s
Luteal dysfunction in infertility. 95, Jan, oa
BODY WEIGHT
How weight loss influences reproductive capabilities. 97, Jun, oa
BONE AGE MEASUREMENT
When sexual development is delayed. 97, 109, Feb, oa
BREAST NEOPLASMS
OCs exonerated in breast cancer review. 23, Mar, nl
Radiotherapy as sole treatment for early breast cancer. 21, Jun, nl
BROMOCRIPTINE
Helping the 'normal' infertile couple. 105, May, s
Luteal dysfunction in infertility. 105, Jan, oa
Update: new ways to help your infertile patients. 191, Mar, s
BUPIVACAINE
How anesthetic drugs affect neonatal neurobehavior. 180, Jun, oa
CALCIUM METABOLISM DISORDERS
How to manage parathyroid disease in the pregnant patient and neonate. 143, Mar, oa
CANCER (see **NEOPLASMS**)
CARDIOMYOPATHY, HYPERTROPHIC
Managing pregnant patients with hypertrophic cardiomyopathy. 18, Jan, nl
CARDIOVASCULAR DISEASES
Watching for uncommon complications of pregnancy. 35, Jan, oa
CEFOXITINS
Ovarian abscesses in IUD wearers. 156, Jan, ppc
CENTERS FOR DISEASE CONTROL
CDC combatting spread of PPNG infections. 23, Feb, nl
How reliable is measles vaccine? 216, Mar, nl
Increase in the number of measles cases? 17, Jan, nl
Rh disease rates stabilize in Connecticut newborns. 212, Mar, nl
Rubella outbreak in New Jersey. 187, Jan, nl
Toxic shock syndrome—an update. 23, Feb, nl
TSS on the decline. 23, Mar, nl
Update on rubella. 15, Apr, nl
CENTRAL NERVOUS SYSTEM DISEASES
Watching for uncommon complications of pregnancy. 39, Jan, oa
CEREBRAL HEMORRHAGE
How to manage intracranial hemorrhage in the neonate. 82, Feb, oa
CEREBROSPINAL FLUID
How to manage intracranial hemorrhage in the neonate. 77, Feb, oa
CEREBROVASCULAR DISORDERS
Brief for low-dose birth control pills. 28, May, oa
CERVIX INCOMPETENCE
Solving gyn graft problems with dermis—a ready resource. 81, Jan, oa
CERVIX NEOPLASMS
Update on DES daughters. 55, May, oa
CESAREAN SECTION
Conditions that predispose to intrapartum infection. 27, Jan, oa
FHR monitoring: Answering the critics. 163, Jun, oa
For fewer cesarean sections. 19, Mar, et
For fewer cesarean sections: The editor in chief replies. 19, Mar, et
Reducing the risk of congenital herpes. 192, Jun, oa
CHEMOTHERAPY (see **DRUG THERAPY**)
CHLAMYDIAL INFECTIONS
Erythromycin vs. silver nitrate for neonatal chlamydial infection. 254, May, nl
CHLORAMPHENICOL
Dealing with the threat of neonatal HI meningitis. 71, Feb, oa
Ovarian abscesses in IUD wearers. 156, Jan, ppc
CHROMOSOME ABNORMALITIES
Disorders associated with male infertility. 83, Jun, oa
Genetic clues to reproductive wastage. 37, Apr, oa
Recurrent eclampsia in a habitual aborter. 129, Jun, ppc
What causes chromosomal abnormalities and gene mutations? 99, Mar, oa
CHROMOSOMES
Pinpointing male reproductive dysfunction. 65, Mar, ppc
CLINDAMYCIN
Ovarian abscesses in IUD wearers. 156, Jan, ppc
CLOMIPHENE
Luteal dysfunction in infertility. 95, 100, Jan, oa
CONNECTIVE TISSUE DISEASES
Effects of SLE on pregnancy. 161, Feb, oa
CONTRACEPTION
Achieving a high cure rate for GTN. 163, Apr, oa
How to diagnose, follow, and treat molar pregnancy. 160, Apr, s
What's ahead through the 1980s. 147, Jun, oa
CONTRACEPTIVES, ORAL
Brief for low-dose birth control pills. 27, May, oa
Guide to using the lab for common endocrine tests. 117, Jan, s
How weight loss influences reproductive capability. 99, Jun, oa
OCs exonerated in breast cancer review. 23, Mar, nl
Update on DES daughters. 56, May, oa
What's ahead through the 1980s. 147, Jun, oa
CONTRAST MEDIA
Hysterosalpingography: pictorial essay. 42, May, oa
CORPUS LUTEUM
Helping the 'normal' infertile couple. 102, May, s
How does the demise of the corpus luteum affect reproduction? 153, May, oa
Luteal dysfunction in infertility. 93, Jan, oa
Luteal influences on pregnancy, menstruation, early abortion, and infertility. 147, Feb, oa
Relaxin—can it be used to help control parturition? 73, Jan, oa
COSTS AND COST ANALYSIS
Teaching cost-effectiveness in lab test orderings. 24, Jun, nl
Trimming hospital costs—when is a cut a saving? 227, May, oa
CUSHING SYNDROME
What accelerates sexual development? 65, Apr, oa
CYPROTERONE
What accelerates sexual development? 74, Apr, oa
DACTINOMYCIN
Achieving a high cure rate for GTN. 164, Apr, oa
How to diagnose, follow, and treat molar pregnancy. 160, Apr, s
DEATH
Your role when the patient is dying. 196, Feb, oa
DEHYDROEPIANDROSTERONE
Guide to using the lab for common endocrine tests. 172, Jan, s
DELIVERY (see also **LABOR**)
Benefits of constant human support during labor. 26, Mar, nl
FHR monitoring: Answering the critics. 168, Jun, oa
For fewer cesarean sections. 19, Mar, et
For fewer cesarean sections: The editor in chief replies. 19, Mar, et
Paracervical block—anesthetic hazard to the fetus. 97, Apr, ppc
Reducing the risk of congenital herpes. 191, Jun, oa
Ways to strengthen the mother-infant bond. 182, Feb, oa
DIABETES MELLITUS
